**Become a “Friend of Sidmouth Science Festival”**

Each year, in October, the Sidmouth Science Festival provides hours of entertaining and thought-provoking events.

The family friendly events are science themed, but are fun and educational; with something for everyone, of all abilities and ages.

Started in 2012, the Festival is a registered charity and it is run entirely by volunteers, who bring a diverse range of experiences. Funding is mainly through grants, sponsors, patrons, friends, donations and advertising.

If you enjoy and support the Festival, would you like to benefit as a **Friend of Sidmouth Science Festival?**

Keep close to all the Festival action, and gain automatic access to certain key paid for events.

There are two simple options – giving different benefits:
