Inspired

Interesting

SCIENCE FOR EVERYONE

Schools
477 students took part in festival science events
1656 children in the Art Exhibition
And 6 science days in schools during the year

Families
Attended the robot workshop, Super Science Saturday and NLO day and other events.

Young People
Hosted exhibits, helped our volunteers

Attendees
3000 of all ages from near and far

Community
Local groups took part

Our Contributors

30+ Exhibitors took part from universities, schools, community groups and other organisations
We had 30+speakers at talks covering astronomy, fungi, weather, cybersecurity, perfumery and more.
We partnered with local groups to put on events.

Our visitors said

Way exceeded my expectations!

Science and Art - what more can we want!

Thoroughly enjoyed the day and learnt so much

Enjoyable, informative, enlightening

It was a fabulous day! A wonderful time

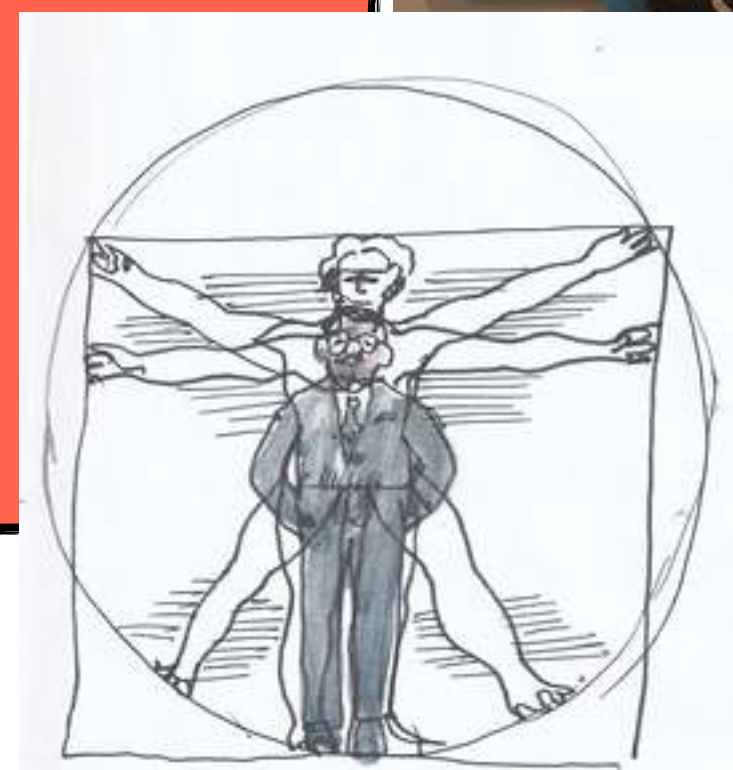

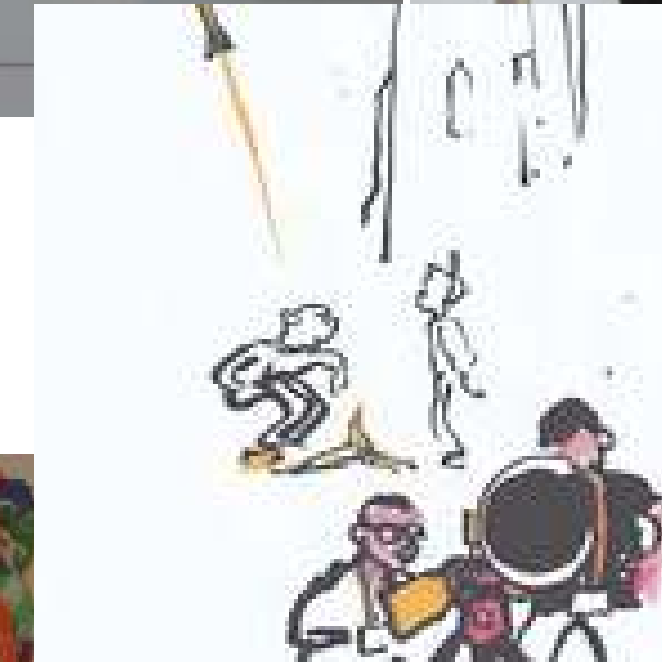

- Participating Schools:**
- Newton Poppleford*
 - Sidmouth Primary*

 - West Buckland*
 - Offwell Primary*
 - Sidbury Primary*
 - Whimble Primary*
 - Payhembury Primary*
 - Feniton Primary*
 - West Hill Primary*
 - Awliscombe Primary*
 - Sidmouth College*
- School Exhibitors:**
- Colyton Grammar*
 - Exeter Maths School*
 - Exeter School*

STEAM

Science, technology, engineering, art & maths

- By linking science and art we showed the importance of creativity .
- Art Exhibition showcased the work of **1656** children on the theme of ‘What is under the sea’.
- Two professional artists joined the festival.
- A talk on Leonardo da Vinci highlighted the links between science and art.

Our Volunteers

- 100+ Volunteers stewarded our events. The festival is run entirely by volunteers.
- We held briefings for volunteers.
- JOIN US IN 2026!

Our Sponsors

A big thanks to everyone!
